

Hello Panel 58,

It's hard to believe, but this is the last time I will be saying that.

Even after everything that has gone on in 2020, I find it hard to believe this is the end of Panel 58.

We are so happy to be able to report that we have added a new meeting to District 6. The first one in a couple years and it happened during this pandemic! Most of our meetings are still not meeting face to face. We do have some that are meeting face to face, some that are only on Zoom and a few that are a hybrid of both.

Our District meetings have been meeting via Zoom since May. We hold the same format as we did in person to person and all information is emailed out to GR's. Voting is done with polls on the Zoom platform. It seems our biggest challenge of these meetings is Roll Call. What used to be just a few moments now takes quite a bit longer. Hopefully the new panel will be able to figure it out a little better or even better, maybe they will be able to go back to face to face. I dearly miss our meetings!

Our website has gone thru some updates and is looking great. We keep the most updated meeting information on a temporary meeting list on the website. We still post the Where and When with all of our registered meetings, but have kept a fluid temporary list going so that people can find us!

We are going to hold a special elections meeting on October 17 via zoom. I feel blessed that I have had some people reach out to me and let me know they are interested in serving on Panel 61. I have faith that we will end up with a great group of people serving on the panel because District 6 is full of willing members. They always seem to step up when a call goes out for service! Our final District meeting will be on November 21 and we will do a change over during the meeting. Only time will tell if that will still be virtual or if we will be blessed to be able to meet in person.

I will close this last report by saying that I sincerely am grateful for the trust and support I have received from everyone during Panel 58 and my term as District Representative. I feel I have personally grown thru doing this wonderful service and learned so many things. First and foremost, I was constantly reminded that I was not alone! All the people that I have been able to serve with, from my own district and from all of Florida North Area 9, have taught me something. I will take a piece of each of you with me as I continue on my journey. THANK YOU ALL!

With much love and gratitude,

Sheri D
District 6 DR
