

AWSC Report

District 6

March 20, 2024

We held our second district meeting with 32 in attendance. All Service position chairs with the exception of an Events chair, Information line chair, and Group Liaison South were in attendance. The Events chair remains open at present.

A member whose submission to the Forum was in the February issue read her submission and urged all to consider making submission.

We discussed and voted to change the position name of Sargeant at Arms position to District Assistant as follow-up from January meeting.

Convention raffle tickets were distributed.

The name change of the Red Light/Green Light was discussed as was the fact that our district has a Chosen Agenda Item to research and present at Assembly. Volunteers were sought to assist in research.

Our district web-site has been updated.

We have one new Alateen Amias for a total of 3 in the district now.

Our Public Out-reach chair reported that the "ambassadors" previously recruited last year are no longer active and she urged all in attendance to consider themselves "customer service representatives" to push public out-reach. She stated her concerns with the PSA approach that the Area Public Out-reach Co-ordinator had solicited help with: that radio and tv stations are no longer required to air PSAs.

Respectfully submitted,

Liz M., DISL

Lorraine C, DR
