

Birthday Bash Committee Report
January 27, 2016

The pace is starting to pick up now as the Holidays are over and people are actually focusing on upcoming events. Ticket sales are pretty brisk with over 60 tickets already sold! If we get the same percentage of on-site registrations as they did last year, we will have around 115 people attending.

We are beginning to purchase some non-perishable items such as paper products, and we're planning in more detail our breakfast and lunch menus. Signs are being made and songs are being practiced. The Thespians are rehearsing the skit and having fun doing it.

The Raffle is being handled a little differently from our past raffles, so Renee is working with her sub-committee to finalize the details. Diana has been busy organizing her part of the program which promises to be a lot of fun.

The Breakfast & Lunch Chairpersons have been working closely together to avoid "double-headed management". The main item on the food menu will of course be the cake. Tracey, the Cake Chairperson, tells me all her ducks are in a row, and she's just waiting for a final headcount.

All in all, it's getting pretty exciting and we are very gratified by everyone's enthusiasm and willingness. We know we're going to have a great time!

Yours in service,

Carolyn & John
