

**District 10 District Representative and AISL Report**  
**Assembly May 20-22, 2016**

It is hard to believe, in a year and a half I will find my name in the former District Representatives section. This has been quite a journey so far. I feel very blessed to be a part of Panel 55.

District 10 has 3 active Alateen Groups at the moment. We have 24 Al-Anon Groups at this time. We recently closed one of the Al-Anon meetings. Even when we think it is the most perfect place and time, it isn't.

District 10 houses the coffee pots, microwave, and translation equipment. That has been working out very well.. Recently one of the Spanish Groups asked to use the translation equipment at their meetings. The traveling support team was going to be there and I was asked to attend. That being said I have to admit, to you, that when the discussion came up to purchase the equipment, I was not in favor of it at all and voted against it. Well my Higher Power has a big sense of humor. Guess who had to use the equipment to have the wonderful Spanish meeting translated. It was a great experience.

Looking forward to seeing everyone at Assembly Nancy C. DR and Colleen M AISL

Our Public Outreach Team attended "Family Day" on 3/19 at a Substance Abuse Recovery Center called "Bridges of America". They are a residential 6-month program and use th have a Al-Anon meeting there a few years ago. We are working with them to get one going again. The families totate in and out every 6-months so there will always be a new source of people in need of Al-Anon.
