

2020 Virtual World Service Conference  
April 20-24, 2020  
Post 3

Hello Area 9!

Our two days of WebEx Virtual World Conference were amazing! We all felt like pioneers. Imagine a virtual room full of Al-Anon members all doing something new together for the very first time! There was a little anxiety and lot of laughter and love.

We had combination reports with PowerPoint presentations, narrated live by various WSO staff. We are so fortunate to have Niketa Williams working so hard on our behalf as the Associate Director of Finance and Budget. She shared the annual Auditor's report and the 2020 Budget presentation. Both of these will be posted on the Delegate's Corner after our Conference has completed.

We also worked through the affirmation process for several new Trustees and the Board Officers for the coming year. Our voting on VoxVote worked just the same with all of us in our individual homes as it did when we were all sitting in the same room! Sometimes it just boggles the mind how simple technology can be.

There are lively discussions still ongoing on several Conference Agenda Items, and these will close out on Friday.

We have perhaps one of the world's longest threads of Questions – I imagine the WSO staff will be working on the weekend to get to all of them. Ha!

Panel 58 took time out today to have a beautiful Al-Anon meeting. The Topic: Share a spiritual principle you have used during the VWSC and how it enriched your life. This was a highlight of the week!

I'm looking forward to sharing with all of you soon – perhaps in new ways we haven't yet thought of!

Love in service,

Cindy J  
Panel 58 Delegate  
Florida North
