

## District 3 Report to February 2021 Assembly

### District Representative Report

I am so excited about starting this journey of growth as a new District Representative in Panel 61!

We filled more than half of the open positions at our elections in November. In an effort to interest members, we have a document describing the job duties of the open positions for the GRs to share with the groups as they can. With our Higher Power's help, we will fill the rest as we continue.

Most of our groups are meeting whether as Zoom-only, hybrid, or face-to-face. Our District website is an invaluable resource for the most up-to-date information as to which groups are meeting, how they are meeting, what protocols are in place for f2f, and any Zoom numbers & contact information needed.

We had a successful and enjoyable Fun Day in December at the Ft. Caroline National Memorial park with masks and socially-distanced activities. Eleven different Groups were represented! It was wonderful to see so many people in person again!

At the beginning of January, at our first business meeting as a new panel, Gage gave a wonderful welcome to our new GRs. She created documents full of information including how to be a GR in the Groups, duties at the District meetings, and what to do at Assembly. The documents are a terrific resource with links to Guidelines, websites, and WSO forms, to name a few.

Risa, our new Technology Chairperson, shared her screen during our Zoom meeting and gave the GRs an informative tour of our webmail and our District website. We are so fortunate to have such talented individuals in our District!

We will be purchasing a Zoom account for the District to use for our business meetings as well as many other meetings small and large, including committee and task force meetings.

Looking forward to **Talk(ing) to Each Other, Reason(ing) Things Out, and Keep(ing) it Simple** with Panel 61!

Kathleen Lund  
District Representative, D3, Panel 61

### District Information Service Liaison (DISL) Report:

We have several positions open within our Public Outreach Committee.

The Outreach to Institutions position is filled and the chairperson is looking into alternative formats to address needs until in-person contact resumes.

District 3 will continue the Magnet distribution program begun with previous panel. We have 2500 Magnets to disperse throughout the D3 area.

District 3 is beginning to look at new opportunities for public outreach within the communities we serve such as how and where to provide AFAs beyond the recovery healthcare system to other health systems in our community.

As the open positions are filled, more specific details for Public Outreach will be developed.

Thanks,

Pam  
District Information Service Liaison.
