

GROUP RECORDS REPORT
JUNE 19-20, 2021
NORTH FLORIDA ASSEMBLY

Hi everyone, so glad to be able to continue in the role of Group Records Chair for North Florida

I've been busy with registration for Assembly, so I will keep this short and sweet.

We have @ 420 active meetings

Some of the things that need to be addressed with regard to updating records with WSO are:

A group is Automatically listed as Inactive if there is NO CMA listed

Having Only the District Group Records Chair or District DR if there is No GRC send/enter updates avoid double headed management, misinformation and potential erroneous changes

A group that has mail returned to WSO 3 times will be listed as No Mail and can be deemed as Inactive by WSO if mail is continually returned.

If the CMA does Not want to include an address, the meeting palace can be used With permission from that center, church, hall etc. And again if the mail is returned the group can be listed as Inactive

If someone shows up for a meeting and there is No One there and WSO is notified they will list it as Not Meeting.

Thanks for all of your service

Hugs

Sue
