

District 11 Report AWSC Aug 22

1. Feedback from assembly 7/22: members attending provided overwhelmingly positive comments on their experience at assembly.
2. We voted to reimburse attendees for the cost of registration for this event. Those who wish to be compensated have until Aug 1 to submit the dedicated form to our treasurer.
3. Members have volunteered to research the next red/green light questions with apparent enthusiasm.
4. Our district has voted to offer literature on consignment to the 2022 convention. Depending on the inventory, we may make a similar offer for 2023.
5. I would like to survey DR's regarding a willingness to sell raffle tickets for an all-expense paid weekend at the 2023 convention. In short, would you all be willing to take back raffle tickets to your GR's for sale at the

individual group level? This activity proved to have a positive outcome in 2012 when we hosted convention here in Melbourne. This idea is in the preliminary stages and will be discussed at our next convention meeting. This activity is also separate from the usual raffle fundraising and is conducted between the end of 2022 convention and a cutoff date TBD.

6. Ann, alternate DR, has graciously agreed to represent our district again at assembly in Oct. Thank you, Ann.

7. Jack has been working diligently to insure Alanon is well represented in our district. His seemingly tireless efforts have afforded us several opportunities to carry the message of help and hope for families and friends in our community. Thank you, Jack.

8. Just a reminder to those of you who may have reimbursable expenses for the 2022 convention: Please have your receipts prepared by the close of convention. I understand some expenses may be incalculable at that time and if

this applies to your committee, please let me know. I will do my part as treasurer for this event to insure you are reimbursed in a timely manner.

9. Thank you for the opportunity to be of service to our fellowship. Barbara A.
