

District 2 proudly reports that every Service Position has been filled. Concept 4 is quite visible in our District. We are currently meeting monthly. To keep District visible to this sizeable geographical area, we are trying something different this panel. District Meetings are held monthly, the majority being electronic. However, every quarter, the District meeting is face to face (f2f) and is hosted by different Meetings in the District. The first f2f was in Live Oak, and next quarter, District f2f will be in Melrose. District is embracing the concept of Meetings on Wheels to spread hope throughout our 12 counties. We plan to visit all 4 corners of our District.

As District Representative I am quickly learning that this Trusted Service Position is a huge responsibility with very little to do other than bringing people together. Our first Traditions workshop was in March and was well attended. We are holding the Traditions Workshops every quarter. We will also be starting up a Service Manual Study Group soon. Our District will have more information soon, if anyone is interested. It will be electronic.

Let It Begin With Me.

Becky E.

District 2 Representative
