

## District 13 Report- ASSEMBLY 2020

I am so pleased to report District 13 will be attending this Assembly in total support.

All of our meetings continue with most remaining strong....zoom is our thing and we enjoy the participation of our members that have returned to their alternate addresses. A couple of meetings have managed to remain f2f and practice the CDC guidelines and respect to each other,

Charlotte County Schools have opened and our Alateen Meetings continue in those schools. Venice is not as accepting for us to be in building, so we are working with the administration and counselors of the high school to set up zoom meetings for teens only.....the elementary school is still in discussion with what we can do.

We are continuing with our projects, fighting the Covid roadblocks all the way. We are working at group level and district level to fill the leadership roles. It is going slowly, however.

Respectfully Submitted:  
"Let It Begin With Me"

Madelyn I DR, District 13-58
