

FALL ASSEMBLY GROUP RECORDS REPORT

Group Records isn't so exciting but very busy
Thanks again for your confidence in my having this position
I had a lot of post op challenges this summer so was not as quick to respond to requests. For this I apologize.

Lots of changes ZOOM meetings, Face to face coming back

As of today there are 536 meeting listes
Of these
17 are No Mail
100 are Inactive

This leaves 419 current active meetings

I have reminded the District Group Records that ONLY changes reported by them will be honored. Lots of members are sending in changes and circumventing the process. This opens us up to double headed management as well as potential Unauthorized or Erroneous changes

FALL ASSEMBLY

Registrations are coming in and being processed in a timely manner.
Look forward to seeing and hearing from all

Hugs
Sue M
