

LITE SIDE/CONVENTION SKITS

The Chairperson will schedule a time during Assembly for the current Convention to do a skit. This can be in conjunction with the Convention Chair report. It should be worked out together between Area and Convention when the best time for the skit would be.

This is an opportunity for the Convention Committee to create and maintain excitement for the upcoming Event. You may use props, costumes, songs, etc. You have up to 10 minutes for the skit and 10 minutes for the Convention Chair report. The Area Chair may give more time if necessary – please work it out.

Be sure to work together to make sure there is sufficient audio visual equipment available to meet the needs of the Skit.
